MINUTES

NEW BUSINESS

CERTIFICATE PROPOSAL

Certificate in Business Management for Agricultural and Life Sciences **Lead: Jack**
Depts of AAE and LSC are sponsoring this certificate.

COURSE PROPOSALS

STS 201: *Where Science Meets Society*

Lead: Masarah

Course Change, effective Spring 2013-14; ; meets /w L SC COM 251. Course description changes; prereq changes to prior college-level work in social studies (S, W, Y, or Z) or science (B, N, P, W, or X) or permission of instructor; L&S level changes from Elementary to Intermediate. Change will make it possible to teach course as a “meets with” LSC 251, which will occur 2013-14. It will remain a core course for STS’s Integrated Studies in Science, Engineering & Society Certificate.

L SC COM 350: *Visualizing Science and Technology*

Lead: Masarah

Course change; effective Fall 2013-14

Change prereq: Sophomore standing. Open to all majors. The Liberal Arts and Sciences designation will change to a Z.

F&W ECOL 515: *Renewable Resources Policy*

Lead: Bill

Course change, effective Spring 2013-14. Change title to: *Natural Resources Policy*; course description and prereq: F&W Ecol 379, 410, or cons inst; want change to L&S breadth designation from B to S

SURG SCI 548: *Diseases of Wildlife*

Lead: Jeri

Course change; effective Spring 2013-14. X-listed with F&W Ecol. Course description changes – it provides a more comprehensive view of the course.

HORT 334: *Greenhouse Production of Ornamental Plants*

Lead: Bill

Course change, effective Fall 2013-14. Change title to: *Greenhouse Cultivation*; and change course description. Programs and research interests have broadened; department would like to reflect that in this course by expanding to include fruit and vegetable production in the greenhouse as well as floriculture crops.

HORT 335: *Greenhouse Production or Ornamental Plants Lab*

Lead: Bill

Course change, effective Spring 2013-14. Change title: *Greenhouse cultivation Lab*; course description. Programs and research interested have broadened; they would like to reflect it in this course by expanding to include fruit and vegetable production in the greenhouse as well as floriculture crops.
