

Minutes
CALS Curriculum Committee Meeting
October 14, 2014

Present: Jull, Perna, Lenertz-Lindemer, Fox, Kay, Stanosz, Pfatteicher, Gonsiska, Sottile

Absent: Jackson, Choi, Bland, Smith, Steele, Van Eyck, Gisler, Olson

Capacity Metrics

- How do we know when we have too many students in CALS? Capacity metrics
- Committee is to come up with educational “vital signs” that are:
 - simple to measure
 - relevant
 - universal
 - reliable
- Quality should also be taken into account when defining the metrics
- Take into consideration the priorities of CALS:
 - hands-on education
 - responsible stewardship of time and money
 - student success
- Charge for next 2 months is to refine the capacity metrics document to a point where it can be shared with APC and other interested parties
